SUNDAY NEWS.

WAR NEWS.

BOUTWELL AGAINST WAR—VERY PACIFIC INFORMATION FROM SPAIN.

CHICAGO, November 23.—Boutwell, in lecturing on finances and the panic, referring to the Cuban matter, deprecated the idea of war, counselled moderation and argued that our sympathies and naval aid ought to be given to Spain in her effort to establish a Republic.

MADRID, November 22.—The evening reports that violence had been offered to Minister Sickles by the Spanish populace, are announced false. President Castelar had a long conference to-day with Mr. Layard, the British Minister. The result of the conference is favorable to a continuance of good feeling. The idea of submitting the case of the Virginius to arbitration is much talked of. Should this course be agreed to, the German Emperor is indicated as the probable arbitrator.

WASHINGTON, November 23.—Admiral Polo has communicated the following from his Government to the State Department. The Spanish Government contradicts the report of any hostile demonstration against the American Minister, and says that Gen. Sickles is treated with consideration and respect. That some intemperate language of the monarchical press, was promptly silenced by the threat of immediate punishment and that the minister of the colonies reports from Havana, that the restoration of embargoed property to American citizens, is being diligently proceeded with.

TWEED GONE UP.

NEW YORK, November 23.—All efforts to obtain a stay for Wm. M. Tweed have proved ineffectual. Judges Pratt and Ingraham both refused to grant it and at ten minutes past one Tweed was removed from the sheriff's office to the Tombs.

She had her anchor out with thirty fathoms of chain. The schooner is loaded with oil. Her name could not be ascertained.

NEW YORK, November 23.—Arrived—South Carolina, New Orleans.

ENGLISH MATTERS.

IRISH DEMONSTRATION FOR HOME RULE—D'ISRAELI.

DUBLIN, November 23.—Sixty thousand people took part in the meeting in favor of home rule to-day. Speeches and processions followed.

LONDON, November 23.—Disraeli made a political speech at Glasgow last evening. He severely criticised the government and predicted a great struggle in Europe between spiritual and temporal powers. He feared that the conflict might result in anarchy and declared that the partizans of home rule in Ireland would unmask and show Great Britain their real designs.

Monday Noon News.

THE CUBAN MATTER.

THE WAR PROS. NOT DIMINISHING—PREPARATIONS.

NEW YORK, November 24.—This morning's Herald states that advices from Madrid and Washington as decidedly more pacific. [illegible] November 24.—The Tribune says that for the surrender of the Virginius there are other demands made by the United States whereas England might join.

A plot for the surrender of Cartagena proved a complete failure. Cortisma has been arrested by the insurgents for connivance.

BOSTON, November 24.—Two thousand one hundred persons are employed in the Charleston Navy Yard. The Franklin will be ready in two weeks.

MARINE.

DISASTERS REPORTED IN MANY QUARTERS.

SAN FRANCISCO, November 24.—The Pacific mail steamer Ariel Yokahama, for Honolulu is wrecked. The crew and passengers were saved.

NEWPORT, DEL., November 24.—The report of the disappearance of the fine fathom light ship is contradicted by a pilot who saw her at Hamilton yesterday.

TORONTO, November 24.—Details of the wreck of the cable steamer: Robert Lowe, after mending the cable steamer put for St. Johns and encountered winds. The vessel filled so rapidly that it prevented getting life boats afloat. Three other boats with twenty-three persons succeeded in getting clear of the wreck. Captain Tidmars directed embarkations and lost his life by remaining with the vessel. Two were drowned in the cabin, and the rest were swept from the deck. Five bodies of the lost were picked up, including the captain, chief, third and fourth engineers, and McKinlan, the electrician.

There was a heavy rain last night, and this morning a dense fog.

Dr. Calhoun's Liver Pills.

I AM engaged in the Manufacture of the Celebrated Family Medicine, known as the Calhoun Liver and Anti-Bilious Pills, under the supervision and prescription of Dr. Calhoun himself. This Pill has been in use for the last thirty-five years, and has taken precedence over all other Family Preparations, by all that have used them. Thousands would certify to their great value if necessary, as the fact would supersede any amount of certificates, and that fast is this: Dr. Calhoun has been physician to the Felton County Prison for over seven years, when the number of prisoners ranged from 30 to 90, laboring under all the diseases peculiar to chills and fever. With but few exceptions, they have all been treated with this Pill, and astonishing to say, during that long period not a single death has occurred under his treatment. This fact is worth a large amount of testimonials.

I am now prepared to fill orders from Druggists, Merchants and others. All orders sent me shall receive prompt attention. There is no cure of SEVERE DYSPEPSIA, DIARRHŒA, DYSENTERY, RHEUMATISM, CHOLERA MORBUS, BILIOUSNESS and SICK HEADACHE, or other diseases of a Southern climate, but yields readily to this preparation.

For sale by all druggists,
Price 50 cents a Box.

None genuine unless it bears the signature of N. C. Williams and picture of Dr. Calhoun.

Brevities.

The wife of P. T. Barnum died last night. Her husband is in Germany.

All the black troops in Jamaica are embarking under orders from the British government for active service in Africa.

Victor Emanuel wears a moustache so long that as he rides it floats back like the waving locks of a young girl. His beard also reaches to his breast.

Since the establishment of the government it has given away 74,052,800 acres of land to soldiers, making in all half a million farms of 160 acres to each.

Major General W. S. Hancock and family will winter at the St. Cloud Hotel, New York.

The daughter of Senator Carl Schurz is to be married to Mr. Boker, of Bavaria. The wedding will take place in Washington.

Andrew G. Miller, United States Judge of the District Court for the Eastern District of Wisconsin, has resigned his position, under the law allowing judges to retire on full salary when seventy years of age.

Another candidate for the office of Sergeant-at-Arms of the House of Representatives is mentioned in Mr. Kennedy, of New York. This makes five candidates for the position, Messrs. Ordway, Kennedy, Munn, Markland and Dwyer.

Mr. Henry Clews, the well-known banker, will be married in a few months to Miss Worthington, niece of Hon. William G. Belknap, Secretary of War. The wedding was to have taken place this month, but was postponed in consequence of Mr. Clew's business difficulties.

Manchester (Iowa) boasts that five out of the leading business houses of that city are managed by women. It is surgested that the name of the town should be changed to "Womenchester."

Fashion presents some curious problems. When skirts were worn three yards in diameter, eighteen yards of material were enough for a dress, but now they are made to fit closely to the figure at least thirty yards are required.

"So, yer mother's dead, is she?" inquired a bootblack in Detroit of a solemn-faced lad, who returned with his kit after a two days absence. "Yes, she is," said the mourner, straightening up, "and dad did the fair thing by her—seven more hacks than Mrs. O'Grady had the other day

The famous estate at Kinderhook, the residence of Ex-President Martin Van Buren, has been purchased by James Van Alstyne and John Van Buren, (a namesake of the late Hon. John Van Buren, son of the President,) for the sum of $80,000. The farm around the mansion comprises about 225 acres.

BOSTON, November 20.—A white nurse in the city hospital was suffering from poison, taken with a view of ending her life, and Arthur Foster, a young physician, being called to attend her prescribed for her term. Learning afterwards that the woman had taken poison and died from its effect, the became so chagrined that he killed himself.

The Huntsville Democrat states that Judge Busteed, of the United States District Court for Alabama, intends to resign his judgship. A New York paper represents that he intends to resign, and resume the practice of law in New York.

Whether the Count of Chambord would be King of France or not was long a matter of intense anxiety with Parisians, because the winter fashions depended upon the kind of ruler. Politically, it was of comparatively little consequence, but the modistes were perplexed whether to prepare for a Restoration or Red Republic

SALT LAKE, November 21.—An immense meeting is holding at the City Hall to-night in reference to the Cuban atrocities. Speeches are made by principal citizens, Mormon and Gentile. Intense feeling exists against the Spanish officials of Cuba, and there is a unanimous expression for the vindication of the flag.

THE ALHAMBRA VOLUNTEER.

I want to be a Cuban,
And with the Cuban stand;
A bombshell on my shoulder,
And a Spaniard in my hand.

I'm bound to have a scrimmage—
Alhambra is the man
To whale them dog gone Spaniards,
If anybody can.

O, when they hear Versoovyas,
And see his war hoss lunge,
It seems to me them Spaniards
Will just throw up the sponge.

Walworth has become melancholy in the extreme since the novelty of prison life has passed, and he has settled down to the monotony of tramping from the mess room to the workshop and from thence to his gloomy cell. He appears to have realized the stern reality of prison discipline, but is very quiet and submits promptly to the rules of the prison. He never speaks unkindly of any one, answers all questions in a gentle tone of voice; but, when left to himself, appears overwhelmed with sorrow and remorse. He has lost all his freshness of countenance, and seems to be breaking down rapidly in health.

Such leading Senators as Morton, Sherman, Schurz and Sumner, are certainly anxious to have the difficulty adjusted without war, and have so declared themselves. Mr. Sherman pronounced the Virginius cruise a filibustering expedition, which does not deserve encouragement, and makes the point that the country is in no condition to bear the expense of a war. Messrs Conkling, Frellinguysen, Edmunds and other Administration Senators are also expected to act with the above named, sustaining the Administration upon the question if it shall pursue a pacific course with Spain.

In the dusty and stifling lofts of New York, unnumbered wan, weak women daily toil on at the sure work which makes the thousand gewgaws of luxury only transmuted brain and blood and hop and shame. Children, barely able to understand the fact, wholly ignorant of the causes of their toil, aid these women. And now, each day sees fresh troops of these helpless beings, wan, hungry and well-nigh hopeless, turned away from the toil that was their sole refuge from starvation—or worse! For already the cold of winter has begun. Every "reaction" can come to their relief, even though it be delayed but a few short weeks, the card work will have been done. Despair is an urgent counselor and starvation is weak in argument. To most of these women the small and inadequate mite they wring from daily toil is only daily bread, in its hardest and most liberal sense. With them a day's labor lost is a day's hunger for self and for little ones. A week's refusal of work means absolute starvation, i. e. its one horrid alterative in the life that barters body and so buries soul in exchange for bread!

When Tweed entered the court room, shortly after 10 o'clock, every portion of the auditorium was closely packed by an interested audience, and the every movement was the subject of much comment. He was accompanied by his son, the ex-Assistant District Attorney and a few personal friends and as he took his seat he exchanged a few words of formal greeting with his counsel. His appearance presented a remarkable contrast to that which he possessed when waiting for the verdict on the former trial. There was a noticeable absence of that nonchalant air, and light, frivolous manner which he then evinced, and it was manifest to all that he was deeply conscious of the seriousness of his position. His face was considerably flushed, and he had lost much of his coolness, though he retained perfect self possession. On the faces of his friends the same eager anxiety was manifest, and all appeared to feel that the decisive moment had arrived. In short half an hour the jury again entered court, and amid breathless silence the foreman announced that they had agreed, and that they had convicted Tweed on all four counts. Tweed looked fearfully mortified, not a word was spoken, while a suppressed attempt at applause and a murmur of satisfaction ran through the court.

Cuba.

Some one hundred and fifty miles directly south of Florida, and six hundred and fifty miles southeast of New Orleans, lies the island of Cuba, that has recently leaped into such blazing notiety.

Cuba is 750 miles long and 40 miles broad, containing 30,000 square miles of territory. It is one of the large group of islands known as the West Indies, and is the largest, most beautiful and its soil rich. Its population is about 1,500,000, of whom nearly 400,000 are negroes. Of the white 700,000 are of European extraction of which a sixth are from Spain.

Before the present revolution the exports and imports of Cuba ran to over $130,000,000. Even now the sugar and coffee production amounts to $75,000,000.

For the last fifty years the beautiful little island has been a constant scene of contention. From 1812 to 1829, a period of seventeen years, there were four bloody risings. Insurrections have followed in rapid succession.

In 1843 the famous Lopez wars began, continuing until 1851, when he was captured and shot. In 1855 was another insurrection. The present revolution began in 1868, and has had no cessation since. This revolt began with 147 men. In a month the revolters increased to 9,000 men.

It is a very grave question whether the South has any business to be engaged in a movement that will add nearly half a million of blacks to the Radical party, with all of the attending concomitants of revolution, misgovernment, dissension and debt.

General Gordon and Life Insurance.

Our contemporary the Augusta Chronicle, makes a substantial back down from its affectionate strictures on General Gordon for pursuing his life-insurance business in his spare time. It says that the question is purely one of taste, and no principle involved, there being nothing wrong in his course.

This admission settles the matter fully in General Gordon's favor. We opine that no practical man will raise a mere question of taste against the business interests of other men.

The insurance business is a vast and important and honorable one, and largely connected with the very system of our society. We are always delighted to see it in charge of such men as General Gordon. We know that it will then be conducted on a true basis. So far from censuring General Gordon in his

Nature's God against "Man's inhumanity to man." But

THE ASAPIA OF TO-DAY

has dared her way far higher walls. She has opened her nude arms and prayed to her jeweled breast "our better classes!" She has pressed her impure lips to those that should have shunned the public caress. In glaring and brazen letters she has branded upon the very frontlet of Society the degrading legend—*Anonyma Victrix!*

HOW SHE MAY BE VANQUISHED.

If Society would compress her lips and clench her jeweled hand, rather than giggle and shrug her lace draped shoulders; if the wives and mothers of to-day would discountenance and denounce—rather than approve and caress—the "weaknesses" of their men, the now regnant Anonyma would slink from the social temple, like the scourged money-changers of yore! Her insecure throne is upheld by the hands of the weakest of a great class. Popular discipline would render those hands as weak and nerveless to-day as they must shortly become from following of present courses.

But it rests solely with the women of our great cities to do this great, yet very simple, work. It is for them alone to make their pact together and to speak it in plain terms to all who dare flaunt allegiance to the pretender queen. It is for them to tell the men of Society, young and old, that they have broken the tacit but impure complicity of inaction—to tell them to go their ways with Anonyma, or to come without her!

When the women of society do this plain duty to themselves—and, by acting it out, prove they know something higher than bonnets and more real than lace—they may expect to receive what in their hearts they believe their due. For then will our "men" turn away, at least in public places, from the clay feet of the brazen idol they have set up for worship at noon day. The idol will fall from her shattered pedestal, as the hand of the sure, if tardy, Nemesis writes thereon—*Anonyma Vincta!*

Summary of State News.

SAVANNAH.

The Ball given in Savannah by the Masons, on the occasion of the dedication of their temple, was a very magnificent affair. The hall was beautifully decorated with Masonic emblems, and the attendance of guests was immense. The festivities continued until nearly daybreak.——The steamship Worcester sailed on Friday from Savannah to Boston with 2908 bales of cotton, the largest cargo ever carriedlout of Savannah by a coastwise steamship.——A crazy negro of Savannah, named Henry McNight, who was in the habit of employing his leisure hours assaulting policemen, has been arrested and will be sent to the Asylum.—*Advertiser and Republican.*

Several orders for tickets in the Grand Kentucky Library Lottery have been received at Savannah from Havana, and the papers contain edifying articles on the complications which might ensue in the even the Captain General of Cuba should draw the capital prize.

MACON.

The case of Cornelius Don Levy, charged with the murder of Nathan Dukes, has been continued to an adjourned term of the Superior Court, to be held in January. The Don in the meantime remains in jail.——John Wall, the lad who slew his schoolmate in East Macon on Friday, has not yet been heard from. The probability is that he has made good his escape, and is now beyond the limits of the State. Officers are after him.——The jury in the John Saunder case, after being out forty hours, have been discharged, being unable to agree upon a verdict. The case was given to the jury about half-past four o'clock Thursday evening, and they remained out until nine o'clock Saturday morning, when they were discharged. Pike's counsel will now make an effort to get him out of jail on bond.—*Telegraph and Messinger.*

ROME.

A negro woman, named Ann Lowe, committed suicide by hanging herself at Floyd Springs, in this county, on Wednesday night last. She was in trouble because she expected to become a mother, and committed suicide to avoid exposure. A coroner's jury rendered a verdict in accordance with the above facts.——William Donnohoo, who brutally murdered Miss Alice Bush on the 17th instant, is a native of Ohio or Kentucky. He has short legs, broad shoulders, and will weigh about 160 pounds. He is tough slightly, and always goes armed. He was seen at Koom Hill, four miles from the Etna Iron Works on last Wednesday. He defied arrest, and declared that he was not going to leave these diggings until he had taken a few more scalps. When asked why he shot Miss Alice Bush, he replied: "G——d——her, because she would not get of my way." Donnohoo Hall, accessory before the fact to the killing of Miss Bush, is a young man and unmarried. He made his escape with Donnahoo, but was caught, and in attempting to escape from officers Croft and Sparks, he was wounded. He died Wednesday morning. The officers have been acquitted of killing him by Justice Dennis. It is hoped that Governor Smith will not hesitate to offer a sufficient reward to insure Donnahoo's arrest. Both Hall and Donnahoo are desperate men, always engaged in some broil, and ready at any moment to take life. Donnahoo's family left Rome Tuesday night, taking the down train on the Selma, Rome and Dalton Railroad.—*Commercial.*

AUGUSTA.

About eight o'clock last Friday night, an old man named Thomas R. Wallace, a carpenter by trade, was found dead in the water closet on the premises occupied by him on Hopkins street. He was found in a doubled up position, and had a wound in the right eye. He was about 60 years of age. The evidence before the coroner's jury showed that the wound over the eye penetrated the brain and caused death, and they found that the deceased was murdered by some unknown parties. The authorities, at present, do not know whom to suspect, and the whole affair is involved in the deepest mystery.——Meetings of the Third and Fourth Ward Democratic Clubs were held Saturday night, and Councilmen nominated for the ensuing year.—*Chronicle and Sentinel.*

ALBANY.

Gus Peterson, colored, the murderer of his brother-in-law John Simmons, was hung in Albany on Friday.——The ladies of the Methodist Church at Albany, pre sented their pastor, Rev. A. M. Wynn, with a very handsome donation in cash last week.—*Republican.*

HAMILTON.

A meeting has been called to be held at the court house on Monday, December 8th, to make another effort to bring the North and South Railroad to Hamilton. Money is all that is needed. A pretty hard crowd from Columbus is in the habit of coming to Kingston on Sundays to hunt. The good people around the latter place are much exercised about having their Sabbath's worship broken in upon by fire arms, and some of the hunters will come to grief if they don't keep away.—*Visitor.*

COLUMBUS.

For the last four days, an Internal Revenue officer, Heinburry by name, has been looking over the records of the Superior Court of Muscogee county, to discover what instruments of writing have been recorded between 1862 and 1865 which require United States stamps. He says, that in twelve counties he has discovered that on these documents the people owe the United States $35,000. How much of this amount "Uncle Sam" will ever get is what the people of Columbus are trying to find out. There was a red hot indignation meeting held in Columbus on Saturday about Cuban matters. Speeches were made by several prominent citizens, after which several resolutions, looking to the extermination of the Spaniards, and the support Columbus is prepared to give the Government, the meeting adjourned.——John Hervel, who was run over some other day, was not expected to live through Saturday night.—*Sun.*

PERRY.

About eleven o'clock Thursday morning, Mr. Carleton Welborn discovered smoke upon the roof of the large building occupied by William Kuperman, merchant; Colonel Killen's law office, and the Journal office. Almost the same instant flames were seen issuing from the parapet in front of the house. A brisk wind was blowing, and for a few moments the entire business portion of the town was threatened with destruction. After some trouble the flames were extinguished fortunately before doing any considerable damage.—*Home Journal.*

TALBOTTON.

Sunday night's storm made the liveliest sensation in Talbotton they have had for these many days. A portion of the Court House roof was taken away and some of the inner walls knocked out of place. The African Methodist Church was blown to the ground. Several shops are ruined, while awnings and fences are nowhere. Mr. Gardner, the photographer, is yet looking for his tent. The entire damage is estimated at $10,000.—*Standard.*

CONYERS.

A young man was arraigned at Covington before Judge Hall on Wednesday last for disturbing religious worship in a church in Newton county. He and some young ladies kept up a constant conversation to the disturbance of the congregation. He was fined $25 and costs.——Judge D. W. Important Cotton Decision.

LOYAL CLAIMANTS CAN'T GET PAY FOR CAPTURED COTTON BOUGHT FROM AN ENEMY.

WASHINGTON, November 24.—In the case of the United States against Legins and others, the Supreme Court to-day decided that where a party advanced funds to a firm in the city of New Orleans, La., to be used for the purchase of cotton prior to the capture of cotton prior to the capture of that city by the Federal forces before the cotton was purchased with the funds so advanced, the agent having gone into the interior prior to the capture, his agency to purchase cotton was terminated by the hostile position of his principals toward the cotton owners, consequent upon the capture, and that a purchase of cotton afterwards was an effectual aid to the enemy, it was forbidden by the soundest principles of public law. The purchaser, therefore, obtained no title to the cotton, and had no claim against the Government for its capture.

Mr. Justice Hunt delivered the opinion; Justices Miller and Field dissenting.

Be of good cheer, there is life and health for you yet. So those that have taken Simmons' Liver Regulator attest.
nov18-deod1w&wlt.

Worry so a family—will, muscle and mind alike deteriorate when the stomach falters in its duty and the bowels do not perform their part as scavengers of the system regularly and naturally. In chronic dyspepsia the body is usually emaciated, and the muscular fibre loose and flabby, and the brain incapable of prolonged or vigorous exertion. Every organ, every member, even the immortal mind itself, is to a certain extent dependent upon the stomach for support. Strengthen and regulate this feeder of the system with Hostetter's Stomach Bitters, when it fails to perform its functions properly. A good appetite, an increased flow of the gastric juice, and perfect digestion and assimilation will assuredly be the result. The manner in which the great tonic and alterative effects a cure of dyspepsia is direct and simple. It stimulates the digestive organs, cleanses without convulsing the bowels, regulates the flow of bile and determines it into the right channels, and exercises a tranquilizing influence over the nerves.

DR. TUTT'S VEGETABLE LIVER PILLS.

THE ONLY KNOWN MEDICINE, THAT AT THE SAME TIME PURGES, PURIFIES AND STRENGTHENS THE SYSTEM.

Dr. Tutt's Pills are composed of many ingredients. Prominent among them are Sarsaparilla and Wild Cherry, so united as to act together; the one, through its admixture with other substances, purifying and purging; while the other is strengthening the system. Thus these Pills are at the same time a tonic and a cathartic, a desideratum long sought for by medical men, but never before discovered. In other words, they do the work of two medicines and do it much better than any two we know of, for they remove nothing from the system but impurities, so that while they purge they also strengthen and hence they cause no debility and are followed by no reaction.

Dr. Tutt's Pills have a wonderful influence on the blood. They not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into blood, and thus make impure blood an utter impossibility. Dyspepsia is no debilitation, so there is no nausea or sickness attending the operation of this most excellent medicine, which never stints or tortures the digestive organs, but causes them to work in a perfectly natural manner; hence persons taking them do not become prostrated, but on the contrary, gain solid flesh. Impurities are being removed, the combined action of the Sarsaparilla and Wild Cherry pustules and invigorates the body, and a robust state of health is the result of their united action. Price 25 cents a box. Sold by all druggists. Depot 43 Cortland street, New York.
